Each year, Emergo receives donations and grants to facilitate access to its services. We redistribute these funds in the form of partial or total financial assistance to low-income families who request it, depending on available funding and the number of eligible families. Financial assistance is given priority to families with autistic person or with ASD living at home.

In addition to the financial aid application form, you must send the notice of assessment issued in 2016 by Revenue Quebec or Revenue Canada for both parents
